

Induction Days are usually a great opportunity to visit your new class, and to get a feel for what that class will be like in September.

We still want you to experience these things, but we will be doing it a bit differently this year.

We hope that this presentation will give you a flavour of your new class.

It includes photographs from the classroom and a picture of your teacher / adults working in your learning phase so there are several friendly faces for you to be familiar with already!

We hope you will enjoy your virtual presentation.

If you have any questions or worries, please contact your new class teacher via the school office ([office@coldharbour.milton-keynes.sch.uk](mailto:office@coldharbour.milton-keynes.sch.uk))

We will give you a phone call back as soon as possible.

# How can I prepare myself during the holiday?

Most of you have had a long time away from school and may be feeling a little anxious about returning. Please don't worry. Everyone in school understands that you have had time away.

Think of all the things you have enjoyed at school previously. You could write down a list of your strengths and what you are looking forward to doing next year.

Try to get in contact with friends who you haven't spoken to for a while. Perhaps you could arrange a meet up outside - this can help to settle any worries you may have.

Keep doing little bits of learning throughout the summer holidays.

- Continue to practise your multiplication and division and spellings.
- You could do a project on a topic you are interested in or your own 'All about Me' page like the teachers and send it to us via email/google docs.
- Most importantly keep reading! Write a log of all the books you read and send it to your teacher. How about joining in the Summer Reading Challenge?
